

STOR-EDGE SECURITY STATEMENT FOR INSURANCE PURPOSES

At Stor-Edge, the safety and security of our clients' belongings are a top priority. We have implemented a comprehensive security system designed to provide continuous protection and peace of mind. While every reasonable measure is taken to maintain a secure environment, Stor-Edge cannot accept responsibility or liability for any theft, loss, or damage that may occur.

PERIMETER SECURITY:

The entire property is protected by a network of high-definition surveillance cameras positioned along the boundary. These cameras are monitored 24 hours a day, 7 days a week by ALCATRAZ / PPA Security Group, our appointed professional security partner. Any movement detected beyond or across the perimeter immediately triggers an armed response, ensuring rapid on-site intervention.

ACCESS CONTROL:

Access to the premises is managed via registered mobile phones using Bluetooth technology. Each access event is securely recorded by the system, and the gate is monitored by a dedicated camera to ensure full traceability and accountability for all entries and exits.

ON-SITE SURVEILLANCE:

In addition to perimeter monitoring, the premises are equipped with multiple internal cameras that continuously record all movements within the facility. This system allows for the review and investigation of any irregular activity or potential misconduct by individuals with access to the property.

SECURITY PARTNERSHIP:

Our monitoring and armed response services are provided by ALCATRAZ / PPA Security Group, a joint venture with PPA Security. ALCATRAZ / PPA Security Group is a specialist security provider with both national and international experience. Their team of highly trained tactical and security officers operate to standards that exceed industry requirements.

Based in Mossel Bay, ALCATRAZ / PPA Security Group combines international expertise with local knowledge to deliver superior protection to the Garden Route area. The company follows a strict "Respond first – Ask questions later" policy, ensuring that every potential threat is dealt with swiftly and decisively.

Through this partnership and our state-of-the-art security infrastructure, Stor-Edge strives to provide a safe and secure environment for all clients and their stored goods. However, Stor-Edge cannot be held liable for any loss, theft, or damage that may occur despite these measures.
